

Taunton Athletics Club Membership Non Payment Policy

This will run alongside our new payment system. In the event of members found not to be paying the correct membership fee's the below procedure will be followed:

- 1) In the 1st month of Non-Payment a reminder e-mail will be sent to the member.
- 2) In the 2nd month of Non-Payment a second "Urgent" reminder e-mail will be sent to the member with the Club Chairman copied in.
- 3) In the 3rd month of Non-Payment the coach will be informed that the member is not to be accepted into the training group and that we would consider the member to have left the club.

PAYG

If you pay at the gate and were to miss three consecutive payments, i.e. attend three consecutive sessions and not pay for any of them, then a payment request will be sent to your portal which you would need to address. If this is not paid then the above steps would take effect.

The above procedure will only be followed if the membership secretary's Julie and Dan Turner are not contacted at membership@tauntonac.org to discuss payment issues/ solutions. If members should encounter difficulties in paying their membership fee's we are quite willing to discuss different payment options on a case by case basis. For those who have agreed a payment plan but do not abide by it, the above procedure will apply.

First and foremost we want all members to feel part of the Club and continue to train and compete with us.
